VICTORY IS OUR'S IN THE INTENSE BATTLE OF BALLOTS

Republicans Triumphant but
Indifference Reduces
Former Pluralities

Campaign is Marked by Clean
and Gentlemanly Manner in
Which it Was Conducted

It was victory—but the kind that leaves a bad taste in one's mouth. The entire county Republican ticket was elected, save the Representative and Prosecuting Attorney, and on the latter we did our part in this county nobly.

Congressman Watson is safely elected by a majority of approximately 1500 votes, but his falling off can be attributed to a strong fight made in Wayne county on the local ticket. This fight was so bitter that it was carried out on the entire ticket.

And then again, as we stated yesterday, the farmers are busy, and the people in general are so prosperous and satisfied that they treated the election with indifference, and did not bother themselves about voting. A man who will thus conduct himself when an election, important as the one we just passed through should be made—were it possible—to suffer the hardships of another four years like we "enjoyed" under Democratic administration. The blood of a MAN and a patriot does not flow through his veins.

Politicians and party workers bumped into stone walls trying to get the vote out yesterday. And sometimes it would be received in the way of an insult, to even suggest to a friend or a fellow partisan that it was his duty to go to the polls. In this respect it was the most unique election in all the history of local politics.

In 1904, the candidates for Congress in this county received a total vote of 5459, while yesterday it fell nearly 500 behind this mark. And think how the vote has increased in this county with the population in the last two years. The vote cast for Guffin and Jackson was also short about 500 votes.

The Republicans received returns at the city opera house and the Democrats were housed in the old Hendricks club rooms in the Puntney building. There was not the usual enthusiasm in either place that characterizes such occasions, when one hears the familiar cry of "Precinct, number blank, blank township, so and so—showing a blank gain of so many votes over 1904." (Sometimes and in some places they still use comparative figures from the old Tilden campaign, if they be favorable and answer the purpose—getting a cheer out of a loyal losing crowd).

Congressman Watson was at the home of Dr. F. R. McClanahan, on West Fifth street, where the Wi-Hub club was being entertained. But Watson was kept busy at the telephone, receiving returns from all over the district, and answering inquiries. Chairman Goodrich called Watson over the phone several times and assured him of victory, making his deductions from returns from the other counties.

County Chairman Frazee presided at the meeting in the opera house, and later adjourned to the county clerk's office, where a number of the candidates and leaders of the party were receiving returns. District Chairman Carr was a very active, interested and anxious party present in the clerk's office. He busied himself calling up the various county chairmen and receiving returns from the outer precincts in the county, after which he would re-assure Congressman Watson that a nice majority was "under course of construction." And it appeared so, early in the game. The activity and animation together with the anxiety on the part of the "festive candidates" in the clerk's office, with the phone ringing, clerks tabulating, messenger boys running in and out, and a most "Cosmopolitan Hoosier" crowd present, was for the world like stepping into one of the scenes of George Ade's plays or a

chapter of Booth Tarkington's inimitable political stories.

Surprise was expressed on every side, when the word came from Shelby county, saying that Bassett must carry this county by 400 votes in order to be elected. Those in a position to know how the vote was going in this county, predicted at that time, defeat for Bassett.

All eyes and field glasses were focused on the warm race put up by Guffin and Jackson. It was neck and neck from the tap of the gong, and was anybody's race from the beginning. Mr. Guffin was in the clerk's office and was lost in a deep brown study, pouring over the tabulated figures compiled by the clerks. While he might have been "bleeding internally" he stood the ordeal well, and good naturedly accepted defeat.

George Caldwell, in his race for county treasurer, led the ticket as was anticipated. Charles Brown put up a stubborn fight for county surveyor, and was gratified when assured of his election. Maple proved himself a horse racer on the political track as well as the mile course, and came in the stretch "on the bit."

In his campaign for re-election, Sheriff King, was probably the only man, whom "mud-slinging" tactics were used against. It may not have come from his opponent, hardly likely that it did, but was probably the work of over enthused friends who had little regard for manliness and principle, but it is a fact, nevertheless that any amount of malicious and calumnious lies were directed against King—"Billy" King, above everyone else—a man that always has fought honest and above board, and has been square in his office as well as politics.

Dr. Will C. Coleman, candidate for coroner, came in a walk, and won "dead" easy.

Gowdy and Offutt, candidates for assessor, both from the same township, being residents of Arlington, put up a quiet, little fight, with Gowdy the victor. Mr. Gowdy is a nephew of Capt. John K. Gowdy, of this city, former consul to Paris, and is not his "reckless, spendthrift son," as reported by an eastern paper. When seen today, Mr. Gowdy was all smiles, and looked like he would not have any use for "that" cemetery lot for years to come.

Very few people voted either way on the amendment to the constitution yesterday. In fact very few people were aware of the fact that there was an amendment to be voted on. The amendment provides for a stronger qualification in applying for admittance to the bar, and two blocks at the bottom of the State ticket, with "yes" and "no" in them were to be marked with a cross to signify the preference.

The election was fought out on fair grounds, and the "floater" was allowed to sink, while hundreds of people stood by with life preservers at their command.

In many precincts, the township ticket (the Democrats did not nominate one) was mutilated and had many queer and funny remarks—almanac jokes—by the village "cut-ups," presumably in the ranks of the opposition. One ballot had written on it "33 for this bunch," another "the Skidoo ballot," and a line of like epigrams. Some had obscene language written on them, while most of them were cast in blank form. It is a remarkable fact that there were more ballots—both State, county and township—cast in blank form yesterday, than in the history of the oldest inhabitant.

In one precinct alone they had fifteen blank ballots. Why a man would bother himself to go to the polls to vote a blank ballot is a mystery, but it clears up mystery surrounding actions of certain men, who are truly "men, who are but children of larger growth."

Chairman Frazee did not go to bed this morning until nine o'clock, and it must be said of him, that never, in the history of this county, did a man in either party, put up a harder and cleaner fight than Charley Frazee did this year, and he is as modest about it as he is tireless to go at any time to do a good act, or something for the good old party. He was ably

assisted by Secretary Will McColgin, Earnest B. Thomas, Earl Payne, R. P. Havens, District Chairman Owen L. Carr (who was obliged to expend his energies throughout the entire district) and a host of others. It was a most remarkable campaign in many ways, and no matter what is said about it, the fact still remains, "It was a victory and thank Jehovah, the government at Washington still lives."

As the election now stands William T. Jackson, and not Wilson T. Jackson has been elected justice of the peace in Rushville township, through an error in the ballot. The Democrats did not offer a township ticket Tuesday, and on the Republican township ballot the name of "Wilson T. Jackson, candidate for justice of the peace, read, through an error in the printing or manuscript submitted, "William T. Jackson." The mistake was discovered in good time, however, and gummed pasters were used at least enough to insure Jackson's election.

Under the law William T. Jackson is now duly elected justice of the peace, but there is no "William T. Jackson" to qualify, then at the expiration of a certain length of time, if the candidate elected does not qualify, the man receiving the next highest number of votes will stand elected. And thusly, Wilson T. Jackson will again be the next justice of the peace. He received two or three votes in each precinct.

MAYOR OF CONCORD SAYS MRS. EDDY IS WELL

Sends Out a Letter to the Press
Declaring He Has Con-
versed With Her

The following has been sent out to the press throughout the country. Coming as it does, from an official, and not one of the faith, it will probably put an end to a "yellow" story circulated a few days ago: "As I had heard so much concerning the precarious condition of Mrs. Eddy's health I feared that there might be some foundation for such reports, but the fact was entirely different. I spoke to Mrs. Eddy and I listened for nearly half an hour to her conversation. She is keen of intellect and strong in memory. She is a surprising illustration of longevity; bright eyes, emphatic expression and an alertness rarely to be encountered in a person so venerable."

Charles E. Corning, Mayor of Concord, N. H. Sunday, Oct. 28, 1906.

BY THE WAYSIDE

The following story is an actual occurrence. It was written for the Indianapolis Star by Clifford Lee, and while here last night, said that it really happened:

"A tall, gray haired man from Milroy, fairly well dressed, apparently about 55 years of age and with an air of interest in everything about, entered the State House yesterday afternoon through the east corridor, stopped near the telephone booth and looked inquiringly about. Wilbur Twitty, clerk in the office of Custodian Baker, passed through the corridor on the way to his office."

"Say, young man," asked the Milroy citizen, stepping up to Twitty, "I want to see the museum—that place where they keep the dead things. In what part of the building is it?"

"Third floor, south end. Take the elevator over there," said Twitty, with a sweep of his hand in the direction of the elevator.

"Twitty pursued his way toward his office and upon returning about fifteen minutes later found a man quietly sitting in the telephone booth. His manner was impatient and he appeared to be looking out the door for some man."

"Say, where's the man that runs this thing?"

Twitty recognized the Milroy citizen.

"Oh, he'll be along in a minute," with a chuckle.

The man continued to sit in the booth. "There must be something wrong with this thing," he soliloquized, "and they have probably abandoned it."

THE SANITARIUM GUEST

New York Herald Says Mrs.
Estes' Short Story is One
of the Best

The following is clipped from a recent issue of the New York Herald: "The Sanitarium Guest," by Belle C. Estes, of Ann Arbor, Mich., is one of the best short stories of the month. The scene is laid in Spiceland, a Quaker village in Indiana, and is written in the clever style for which the author's work, as a special correspondent for one of the largest Press Associations in the country, has long been noted. The story is thoroughly original, fresh, earnest and sparkling with wit and humor."

NATHAN PORTER SELLS HIS LAND

Party Made Defendant in Breach
of Promise Suit Sells
His Farm

Nathan Porter, the Posey township farmer, who was made defendant in a \$6000 breach of promise suit last Saturday, on suit filed by Miss Blanche Williams, of Arlington, disposed of his farm Monday evening. In her complaint, Miss Williams alleged that Porter had threatened to dispose of his holding, and asked the court for a restraining order, but none was ever issued.

NEW SUPERINTENDENT AT THE POOR FARM

Sidney L. Hunt Will Fill the Un-
expired Term of Superin-
tendent Newhouse

Sidney L. Hunt, of Union township, was today appointed by the county commissioners, superintendent of the county asylum, and he will begin his duties December 1st, and will fill the unexpired term of M. E. Newhouse, resigned. Mr. Newhouse's appointment would have expired in August, 1908.

LARD THAT IS NOT LARD

Indianapolis, Nov. 7.—When City Chemist Fred W. Clarke analyzed a certain quantity of "lard" at the direction of City Sanitarian Buehler he ascertained that the supposed lard contained eight-five per cent of cotton seed oil, about seven per cent of hog fat and seven or eight per cent of tallow. As the result of the analysis a warrant was directed to be issued for the arrest of L. A. Jackson, proprietor of a number of grocery stores, charging him with violating the pure food laws.

Jackson said he bought the lard with the understanding that it was pure lard. Dr. Buehler said he intended to rid the stores of such compositions as that bought by Jackson, and that other warrants would be filed as soon as analysis are made. Dr. Buehler said much of the supposed lard sold in stores all over the city is made of cotton seed or other oils. He said Jackson evidently bought his supply in good faith, but the law held the persons selling impure foods responsible.

"Hon. Marshall E. Newhouse and Frank B. Kitchen, of Decatur county, came over to Rushville today with their wives in Mr. Kitchen's automobile, to visit friends and to learn the election results in Rush county."

TERSE TELEGRAMS

Sensational developments are anticipated at the hearing of the Castellane divorce suit.

In a duel in a crowded street at Crab Orchard Depot, Ky., Milton Estes was shot three times and killed by James Kennedy, a farmer.

At Shelbyville, Ind., the residence of the Rev. G. G. Winters was blown to pieces by an explosion of gas and Mr. Winters, his wife and son were seriously burned.

With \$3,000 worth of jewelry, cash and a bank book showing a deposit of \$300, a young, well-dressed woman was arrested in a Brooklyn department store, a self-confessed pick-pocket.

LANDSLIDE FOR WATSON

"Our Jim's" Victory is so Con-
ceeded by the State
Campaign Managers

State Chairman Goodrich Sends
Reports From Different
Parts of the State

Congressman Watson carried the Sixth district by official count 1509, and compared with other congressional fights in this State, this is conceded by the "big guns" in politics as a Republican landslide. Mr. Watson carried Rush county by 99 votes, Fayette by 729, Decatur 515, Wayne 358, Henry 1309, and Union by 247. Dr. Kuhn carried Franklin county by 715 votes, Shelby 602, and Hancock by 429.

Chairman Goodrich telephoned late this afternoon that Foster was having a race in the First district, as was Chaney in the Second congressional district. Holiday was reported pulling hard for a bare 100 plurality, and Brick was probably elected by a bare 200 votes, Kosciusco county going Democratic by 200, while in 1904, it gave Brick a plurality of 1200. Goodrich stated that Fred Landis was defeated by 800, and Grant county, which gave him 4200 plurality in 1904, went Democratic this year. Congressman Cromer, of the Eighth district, who received a 7243 plurality in 1904, several hundred more than Watson received the same year, is defeated by at least 2400 votes.

So old Rush county has a ratification coming in "Our Jim's" victory, for it was a decisive victory in view of the races that other Congressmen made in this State, and it is truly a landslide.

Chairman Goodrich phoned at 4 o'clock to the effect that the State had gone Republican by 30,000.

SMITH RE-APPOINTED COURT HOUSE CUSTODIAN

The county commissioners met today and re-appointed Jabez Smith as court house custodian for another year. George Conrad was also re-appointed as fireman in the county power house.

—Hon. Marshall E. Newhouse and Frank B. Kitchen, of Decatur county, came over to Rushville today with their wives in Mr. Kitchen's automobile, to visit friends and to learn the election results in Rush county."

ORPHANS' HOME

It is Proposed to Make it a
Refuge for State's De-
pendent Children

It is understood that a bill may be introduced into the legislature the coming winter which will provide for converting the Indiana Soldiers' and Sailors' Orphans' Home, near Knightstown, into a home for dependent children. This idea was broached at the recent meeting of Charities at Muncie, by Hugh H. Hanna, of Indianapolis, and the plan has received much favorable comment. It is a fact shown by the statistics that the enrollment of the sons and daughters of Indiana soldiers and seamen in the institution is decreasing annually, as the old veterans are passing away and their children are growing to maturity, and there are not enough children of Spanish-American war veterans to take their places.

It is inevitable that the State will be confronted in a few years with the problem of what to do with this grand institution and the proposition to use the Home for all dependent and orphan children finds much favor.

CHICKEN HAWKS KILL OUR QUAIL

Next Legislature Will be Asked
to Pass a Bounty
Law

The aerial chicken hawk has become an object lesson of hate to the hunter. A vigorous crusade has been inaugurated all over the State. The chicken hawk has an appetite for delicacies; if fact the very head and front of his offending is that he eats quail. With quail more plentiful than in years before, and the farmer taking every precaution to guard his chickens, the hawk has turned his attention with greedy gusto to the daintier and more easily obtained wild bird. The hawk, wheeling in great circles, without flap of wing, covers his prey. Any direction the quail may elect to go, it seems, while keeping its eye on the hawk, to be headed off, an like its pursuer, travels in a circle, until the hawk, nearer and nearer, finally makes a swoop and captures its meal.

Beside the quail which the chicken hawk eats, the hunters have another grievance, in that they say the presence of a chicken hawk in a neighborhood scares all the quail to cover, and it is impossible to get a shot at the small birds unless the dogs are unusually active.

The next legislature will be asked to enact a law raising the hunters' tax to \$1.50 or \$2, instead of \$1, as at present, the surplus to be used as a fund from which to pay a bounty of 50 cents for every chicken hawk brought in dead to the deputy game warden over the State. In this way the hunters hope to give the farmers an added reason for employing his cunning and a shotgun to get rid of the hawk.

The chicken hawk will be no easy prey, however, as he is the same wary bird that the crow is reputed to be, and has the same uncanny knowledge of the dangers that lurk about the man with a gun or about a trap.

WORK COUNTY PRISONERS ON PUBLIC WORK

Richmond Palladium: Prosecutor Jessup yesterday informed Sheriff Smith that the working of county jail prisoners outside of the confines of the jail itself was legal, the law providing that the board of county commissioners may use county prisoners on any public work. The question came up with reference to the working of prisoners on the ditch dug between the court house and county jail.

SEED CORN GOSPEL TRAIN

Sent Out by Purdue Univer-
sity Experiment Sta-
tion to be Here

Beneficial Lectures Will be
Given on Selection and
Care of Seed Corn

The second annual seed corn special train will be run over the Lake Erie & Western Railroad, November 13-17, 1906. This train is equipped and run free of expense to the State. Through the courtesy of the L. E. & W. officials this train is furnished to Purdue University Experiment Station for the extending and projecting of the results of the Station investigations in the selection and care of seed corn.

Recent investigations by the Experiment Station shows that the stand of corn in the State is less than 75 per cent. of a perfect stand. This condition in most cases is due to poor seed. By the use of demonstration material and results of investigations, the Experiment Station hopes to show the farmers how the condition of the stand of corn through the seed can be readily improved. Results of work will be given on the train that can be given in no other way, and no farmer can afford to miss the opportunity of hearing these lectures.

The work will be in charge of G. I. Christie of Purdue Experiment Station. Stops of 30 minutes will be made and a chance to ask questions given. Comfortable seats in well heated coaches will be provided for all. Let every farmer arrange to be present. The following is the itinerary for two days:

Thursday, November 15th, 1906.—Indianapolis, leave 7:45; Castleton, 8:30-9:00; Noblesville, 9:15-9:45; Cicero, 9:55-10:20; Atlanta, 10:30-10:55; Elwood, 11:20-11:50; Alexandria, 12:05 p. m.-1:05 (Dinner). MORE MONEY FOR RURAL CARRIERS

Effort Will be Made to Secure
For Them Additional In-
crease in Salaries

Efforts probably will be made at the coming session of congress to secure an appropriation which will justify an increase in the salaries of the 30,427 rural letter carriers. Three days ago, Mr. Hitchcock, First Assistant Postmaster General, put in a plea in the form of a recommendation for an increase of pay for postoffice clerks and carriers in cities, and now comes Mr. DeGraw, Fourth Assistant Postmaster General, with a plea for the rural carriers, whose pay was increased in the fifty-seventh congress. It is strongly urged in behalf of the rural carriers that they are entitled to a greater compensation and that it might be in the form of an allowance for horse hire.

The Young Man's Store

We don't believe that another store in town caters to the clothes-wants of young men in just the same way, or nearly so well as we do.

The demand of the young man for clothes original in design, appreciably more radical in cut and livelier in pattern than the clothes made for older men, is met in this store in a way that no other clothier in town attempts.

Garson-Meyer Clothes for young men are distinctly young men's clothes. They are just the sort of clothes that spirited young fellows demand—smarter, more dashing in cut, and better made than any other ready-for-service clothes produced for the same sort of wearers.

These fine autumn days are the days when a drive to the country is most enjoyable. The splashes of green and gold, the twang in the air, the uplift of it all will do you good in mind and body. Go to the country.

No matter whether elected or not, Hearst had the time of his life during the campaign just closed. He likes to be talked about, and is enjoying the knowledge that he is the most talked about man in the country, even if some of the talk is of the unprintable brand.

France is giving the rest of the world some excellent suggestions for the improvement of country roads. To provide dustless roads an extremely inexpensive application of tar has been used in France with the most satisfactory results. Not only is the dust prevented but the roadbed is improved. Automobiles may now spin along the driest French roads without spoiling the millinery of the women, while the householders, relieved from the constant clouds of sifting dust, hail the innovation as a godsend.

The Milwaukee Sentinel thinks it is high time that a lot of experimenting doctors and yellow journals quit scaring people to death. It says "more than one-half of the illness of today is caused by lively imaginations fostered by detailed publication of the theories of doctors." This gives the various mental healing cults material upon which to operate and effect miraculous cures. Our forefathers ate what they wanted, drank from springs and brooks with never a thought of a microbe, and they lived to a green old age. We strain and filter and boil, and examine and test and worry and stew, and most of us die untimely from digestive trouble, if we escape an operation for appendicitis.

TOO BUSY TO VOTE
Prosperity Conditions Kept Many Away From the Polls.

Indianapolis, Ind., Nov. 7.—Every political tradition was favorable to the Republicans yesterday. From every part of the state the report as to weather conditions was the same. The day was perfect. Ordinarily the Republicans are greatly encouraged by sunshine on election morning, but yesterday they would not have been dismayed if there had been a little rain, as it would have furnished the busy farmers with an excuse to leave their work and go to the polls. As it was, the weather was so fine that thousands of farmers remained in the cornfields and left the ship of state in the hands of the anxious party leaders who had been exerting all their energy toward getting out a large vote. About the time the polls were closed there was plenty of gloom at the Republican state committee headquarters, as the reports from many localities were to the effect that the vote had not only been very light, but there had been much scratching. From a number of Republican strongholds came the same story of difficulty in getting the farmers to go to the polls. A little later, however, the story had a brighter side for the Republicans, as their workers reported that the Democrats had had more trouble than they in inducing their rank and file to go out and vote. The story about the general scratching of the tickets by the Republicans was attributed largely to the unpopularity of some of the congressional candidates against whom there had been a very hard fight in their own party.

Voting machines were used for the first time in every precinct in this city yesterday. Thousands of voters were confused by them, but the voting was more rapid than under the old system. The Democrats were apparently better organized than the Republicans had given them credit. The independent Republicans who wanted to scratch the Republican county ticket, in hundreds of cases voted the straight Democratic ticket, state and all, right through, rather than take a chance of losing their vote by some mistake with the machine. It was admitted early that this would cause a slump in the vote on the state ticket. The Democrats apparently did not make a hard fight here for their state ticket. The same story was told elsewhere of

their plan of campaign, which seemed to be to elect their local and congressional tickets. In many localities the local conditions seemed to be decidedly favorable to the Democratic tickets, which undoubtedly cut down the vote on the Republican state ticket. In this city the Republicans had twice as much money as the Democrats and the poll showed that they had a plurality of nearly 10,000 to go on. From the very start, however, it was evident that the old antipathy of thousands of Republicans to the Bookwalter machine would cost the Republican ticket a lot of votes. Mayor Bookwalter's stand against the cheaper gas company was also a stumbling block to the Republicans.

As the result of yesterday's election in Marion county the Republican ticket was successful with the exception of one candidate, Charles P. Benedict, present county prosecutor, who was a candidate for re-election, but was defeated by a small plurality. Robert Bryson, Republican candidate for county auditor, and Edward J. Robinson, candidate for county treasurer, will pull through with small pluralities. All the rest of the Republican ticket went through easily. Leonard Quill, the candidate for county clerk, leading the vote in most of the precincts. The entire Republican legislative ticket was victorious.

Held Up the Passengers.
Gallup, N. M., Nov. 7.—While a west-bound Santa Fe passenger train was standing on the tracks here early today, three men armed with revolvers entered the coaches and forced the passengers to hold up their hands. They secured several hundred dollars in money and several grips and overcoats from the passengers and made their escape. The crew at the time were in the dining room.

Indian Agreement Approved.
Washington, Nov. 7.—President Roosevelt has approved the arrangements made by Colonel Rodgers of the Sixth cavalry for the settlement of the grievances of the Ute Indians. He has instructed the officials of the war department to inform the Indian chiefs that he will give them an audience at the White House on his return from Panama.

The Deadly Bonfire.
Michigan City, Ind., Nov. 7.—While playing near a bonfire which had been started by his father, Edward, the two-year-old son of Adelbert Bentley, caught his clothing on fire, and he was burned so badly that he died.

Lost Arm in Corn Shredder.
Connersville, Ind., Nov. 7.—Quince Sherry, a farmer, while at work east of this city, caught his left arm in a corn shredder and it was so badly mangled that it had to be amputated at the shoulder.

False Reports Sent Out.
El Paso, Tex., Nov. 7.—There has been no outbreak at Ft. Bliss near here, where the Third battalion of the Twenty-fifth infantry, colored, is stationed, as indicated by special dispatches.

Careless Huntsman Maimed.
Hammond, Ind., Nov. 7.—Ernest Lowe, while hunting ducks on Mud Lake, attempted to shoot a flock flying overhead, and while hastily handling his gun the weapon was discharged. His arm was torn off, and a portion of the shot also entered his breast. He was removed to a hospital in a critical condition.

Electric Cars in Collision.
Ft. Wayne, Ind., Nov. 7.—A street-car running west in Creighton avenue and one headed east, came in collision in a dense fog. Charles Malcolm, yard conductor in the employ of the Wabash railway, and John Rink, motorman, were painfully hurt. The passengers escaped with bumps and bruises.

Ran the Wrong Way.
Michigan City, Ind., Nov. 7.—Charles Diederich, twenty-one years old, six miles east of this city, was instantly killed while felling a tree. Diederich became confused when the tree started to fall and ran in the wrong direction. He was caught under the body of the tree and his head was crushed.

Pathetic Case of Lillibridge.
Hartford City, Ind., Nov. 7.—James Lillibridge, a demented man of this city, after tramping over the country for two days and nights, thinly clad and without food or sleep, has been returned to his home. When last seen before leaving home, he was carrying a load of wood into the house, and he still had the wood clasped in his arms when found. During his absence he kept up a continual march, and it is believed that he walked a hundred miles and more in his wanderings. Years ago Lillibridge was a prosperous farmer. He was caught on a railway crossing by a passing train and nearly killed. His skull was fractured. In time he regained his physical strength, but his mind remained a blank. It is the first time he ever wandered from home.

Shot Companion in the Heel.
Vincennes, Ind., Nov. 7.—While George Frederick, sixteen years old, was tramping over the fields, his finger on the trigger of a cocked gun, the weapon was discharged, shooting off the heel of his comrade, William Leemaster, fifteen years old. Leemaster for a time did not realize the extent of his injury, but Frederick promptly fainted on seeing what he had done, and he had to be carried to the city.

HOUSE IS SAFE

Republicans Will Have Full Control of Sixtieth Congress.

THE DEMOCRATIC GAINS

Were Not Sufficient to Make Any Material Change in Complexion of House.

Democrats Held the Solid South But Made No Surprising Gains North.

Washington, Nov. 7.—That the Republican party will have complete control of the sixtieth congress is indicated by the election returns. The Democratic party has held the "solid South," but failed in its efforts to invade to any extent the districts now held by the Republicans in any other section of the country.

James W. Wadsworth, a notable Republican figure in congress, was defeated in New York, and the latest returns indicate that J. W. Babcock, who has for several campaigns previous to the last conducted the Republican congressional fight, has been defeated in Wisconsin.

Arizona has refused joint statehood with New Mexico, and the state constitution of Oklahoma will be written by Democrats.

Of the 273 congressional districts heard from at this hour, the Democrats have made a net gain of ten. These returns show the Republicans have elected 155 congressmen, the Democrats 118, of which 96 are from the Southern states. No returns have been received from 113 districts. The indications are that the gain of the Democrats will not exceed the same ratio regarding the remaining districts.

At Democratic headquarters here it is stated that the Democratic congressional gains in the East had fulfilled their predictions; that a gain of eighteen or twenty districts had been made in the East. As to the West, the returns received by the committee are said to have been too meager to warrant a statement. The only disappointment in the East was the failure of the Democratic candidate for congress in Delaware.

The Democratic gains so far indicated are two in Illinois; two in Indiana, one in Missouri, three in Pennsylvania, one in Ohio, one in New York, one in New Jersey, and one in North Carolina. The Republicans gain one in Kentucky.

The defeat of Representative Jas. W. Wadsworth in the Thirty-fourth New York district by Peter A. Porter was the first disastrous news to reach Republican headquarters from the East. Mr. Wadsworth, who is the chairman of the house committee on agriculture, wired Chairman Sherman that he was beaten. Mr. Porter is a Republican and began his campaign as an independent candidate. He was subsequently endorsed by the Independence League and then by the Democrats. The Nineteenth and Twenty-third Illinois districts, represented in the present congress by Rieves and Dickson respectively, were regarded as normally Democratic districts and had been marked off for recapture. The returns indicate that Caldwell and Foster, Dems., are undoubtedly elected in these districts.

Representative Daizell of Pittsburg, whose struggle for re-election attracted national attention, was assured of his election comparatively early in the evening. Speaker Joseph G. Cannon of the Eighteenth Illinois district, was elected to congress for the seventh time, his majority remaining where it has been for years, at approximately 15,000. Mr. Cannon began his congressional service in the forty-third congress. It has been continuous since, with the exception of the fifty-second congress. President Roosevelt was decidedly interested and gratified in the returns.

Chicago Police Balked.
Chicago, Nov. 7.—Leonard Leopold, alleged accomplice of Howard Nicholas in the murder of Mrs. Margaret Leslie, the Indianapolis actress, made a statement in the county jail concerning his alleged movements on the night that Mrs. Leslie was murdered in the Palace hotel, this city. It constitutes his alibi claim, and the police are utterly balked by the prisoner.

The Vote on Statehood.
Santa Fe, N. M., Nov. 7.—The vote on statehood is closer than had been anticipated by both parties who had endorsed the Hamilton bill, but from present indications it will have at least 6,000 majority.

Hearst Doesn't Give Up.
New York, Nov. 7.—Mr. Hearst still claims to have been elected governor of New York by at least 20,000 plurality, and charges that an attempt is being made to steal the election.

Dryden Slated to Go.
Trenton, N. J., Nov. 7.—The next legislature will be Republican on joint ballot. This means the election of a Republican as the successor of United States Senator Dryden.

CONFLICTING ORDERS

Results in Police Mutiny in the City of Memphis.

Memphis, Tenn., Nov. 7.—A mutiny of nearly every member of the police force of Memphis headed by Chief George T. O'Haver, occurred here yesterday. As a result this city has two chiefs of police.

Early yesterday Mayor James H. Malone appeared at police headquarters and informed Chief O'Haver and the patrolmen that he desired to change their election day assignments. The mayor explained that he feared trouble at the polls and acting under the recent city charter, which under certain conditions gave him authority to take full charge of the police department, he would expect obedience to his orders. Vice Mayor John T. Walsh appeared and insisted that the regular assignment of patrolmen be carried out. Chief O'Haver said that he would not consent to the reassignment, whereupon Mayor Malone suspended the chief on a charge of insubordination. The mayor then appointed Police Sergeant W. J. Hayes acting chief. The patrolmen, almost to a man announced that they would receive orders only from Chief O'Haver. Mayor Malone visited several polling places and suspended more than fifty policemen.

In the afternoon Vice Mayor Walsh and two fire and police commissioners held a meeting and passed a resolution reinstating O'Haver. This, it is claimed, was illegal under the law and it is believed the tangle will continue in its present shape until a joint meeting of the police commissioners and city council is held to take action in the matter.

FULL CONFESSION

Clears Up Recent San Francisco Police Mysteries.

San Francisco, Nov. 7.—Louis Dabner has confessed to Chief of Detectives Duke that he and John Siemsen, who was arrested with him for an assault on Jeweler Behrend last Saturday, had committed a number of the crimes that recently have startled the city. He stated that he and Siemsen killed William Pfizner and William Eriede, merchants, robbed the Japanese bank and murdered Cashier H. Munataka and also robbed Dr. T. D. W. Leland, though for this crime another man is now serving imprisonment. Dabner made a full and free statement regarding all those and other crimes of which he and Siemsen had been suspected since their arrest. Dabner stated that the amount taken from the Japanese bank was \$4,200.

Newspaper Issue Missing.
East St. Louis, Ill., Nov. 7.—More than 100 pounds of second class mail consisting of copies of an East St. Louis weekly newspaper containing a criticism of a candidate in the election have been stolen from the post-office. The matter has been reported to Post Office Inspector Moore who is investigating the case. The mail was deposited last Thursday.

The Castellane Case.
Paris, Nov. 7.—A continuation of the plea of the Countess De Castellane for absolute divorce from her husband, Count Boni, and the custody of their children, is being presented before the tribunal of First Instance of the Seine at Paris by Maitre Cruppi, counsel for the countess today, after which the defense of Count Boni will be heard.

STATEREPUBLICAN

Indiana Supports the Administration of Gov. Hanly.

PLURALITY OF 30,000

State Ticket Goes Through With a Rush and Legislature Will Support Reform Program.

While Democratic Gains Were Noted the House Will Have Good Working Majority.

Indianapolis, Nov. 7.—The Republicans have elected their state ticket in Indiana by a plurality of about 30,000. "The result is very gratifying to me," said Governor Hanly. "The Republican state ticket will have a plurality of 30,000, and we shall have a nice working majority in the legislature. It is a very decided victory for the people."

He was asked if he regarded the result as an endorsement of his administration. "The administration is feeling very good over it," he declared. The returns indicate that the Republicans have at least thirty-six members of the state senate, with a probability of two or three more. They have twenty hold-over members. They will control the lower branch of the legislature, but by a majority greatly reduced below two years ago. The exact make-up of the house will not be known for two or three days, as many of the outgoing counties will be slow in making returns. For a time Tuesday night the reports indicated that the legislature might be in doubt, but the later returns indicate a fair Republican working majority.

The Democrats made a gain of two congressmen, J. A. M. Adair defeating Congressman Cromer in the Eighth district and Rauch defeating F. Landis in the Eleventh, while the result in the Thirteenth is still in doubt.

The uncertainty of the size of the Republican plurality is due to the very unexpected results in what have hitherto been known as Republican strongholds. Counties which have never before winked toward Democracy have surprised the political leaders by their action this year. Notable among them were Wabash, Grant, Delaware, Randolph, Wayne, Howard and Huntington counties. While these counties did not go Democratic, their time-honored Republican pluralities were pared down until the result was simply astonishing to the politicians.

ANOTHER UPRISING

Cubans Resort to Arms to Enforce Annexation.

Havana, Nov. 7.—The report of a remarkable feature in the present condition of minor disorder which prevails more or less throughout the island comes from Sancti Spiritus in Santa Clara province. In the vicinity of this town there is encamped an armed band of ninety men under the command of Col. Sanchez and Jimenez. This band is displaying the stars and stripes. The leaders declare they not only have no intention of opposing the Americans in any way, but it is their desire to head a movement in support of annexation to the United States. This band was recently induced to disperse by the commander of the marine forces at Sancti Spiritus who probably will again go out and order the men to return to their homes.

Deadly Three-Cornered Quarrel. St. Louis, Mo., Nov. 7.—As the result of a three-cornered quarrel between William Barton, a teamster, William Beck and Michael Rackowitz, Barton was killed by a blow on the head with a baseball bat and Rackowitz is a prisoner in the city hospital with a broken jaw. Beck was arrested and according to the police admitted he struck Barton with the bat.

No New Spelling for Them. Washington, Pa., Nov. 7.—The Principals Round Table, an organization of Washington county educators, at a meeting here adopted resolutions denouncing the new phonetic spelling and urged the various boards of education or school directors to prohibit its use to schools of the county.

Eighty Students Suspended. Rock Island, Ill., Nov. 7.—The faculty of Augustan college has suspended over eighty students for participating in a riotous demonstration against members of the board of directors recently because the directors had refused to sanction intercollegiate basketball.

Rat Poison in the Mosh. Carmi, Ill., Nov. 7.—Probably as the result of eating mush into which quantities of rat poison had been dropped by rodents, Joseph Hunsinger, aged seventy-four, and his wife, Emily, seventy, are both dead at their home in Burnt Prairie township.

DISMISSED IN DISGRACE

Sequel to the Recent Army Post Disturbances at Brownsville.

Washington, Nov. 7.—Unprecedented in the history of the army of the United States is the action of the president just announced in dismissing in disgrace from that army an entire battalion of the Twenty-fifth infantry, because of their failure to disclose the identity of some of their

COLONEL PITCHER.

number who had been guilty of violence and murder in connection with the riotous disturbances that occurred at Brownsville, Tex., on the night of Aug. 15, and that resulted in the death of one and the wounding of another citizen of that city. As evidence, however, of his intention to be fair to the colored troops, the president has accompanied this action by an order which may amount to the court martial of Col. William T. Pitcher, a white army officer of high grade who was charged with having cast slurs upon the colored troops.

THEY WILL RETALIATE

"Squaw Men" Going After Others in Their Disappointment.

Tulsa, I. T., Nov. 7.—Suit will be filed at once in the United States court to deprive the freedmen in the Cherokee nation of their right to allotment. This announcement was made by local representatives of the attorneys in the inter-married white case of the Cherokees, which has been decided adversely to the whites by the United States supreme court. The suit will effect 5,000 negroes in the Cherokee nation, also many whites who have purchased freedmen's lands.

May Close University.

St. Petersburg, Nov. 7.—The acuteness of the present university crisis continues and threatens to eventually result in the suspension of studies. The government again has addressed the faculty of the university of St. Petersburg with an explicit statement in which it sets forth its intention of shutting down the university at once if outsiders persist in their demands, and are permitted to trespass on the campus to take part in mass meetings and to bring about revolutionary convulsions within the precincts of the university.

Cummins Hanging in the Balance.

Des Moines, Ia., Nov. 7.—For the first time in many years the gubernatorial result in Iowa is in doubt. Although both Republican and Democratic state managers claim the election of their candidates for governor, all the returns indicate that only a complete count will determine the result. The precincts already received show a loss for Cummins of nearly forty per cent, which if maintained would mean the election of Porter, Dem., by a small plurality.

Exhibition of Anti-Foreign Feeling.

Shanghai, Nov. 7.—While the constable of the German consulate was walking with a Russian friend from Woosung to Shanghai, the two men were set upon by natives. Both were seriously maltreated and were almost stripped of their clothing. They managed to escape and hid in a paddy field. They later arrived here.

"A Jolly American Tramp," a comedy drama by the author of Sol Smith Russell's successes, "Peaceful Valley," and "A Poor Relation," will be the bill at the opera house on Tuesday night. Its theme relates the efforts of one of the world's unfortunate, who, while shunned by society, yet fulfills the teachings of the good by aiding the oppressed and persecuted. Love, passion, despair, bitter tears, desire for revenge and the self tortments of the soul of the villain who causes all the trouble, will be shown with an intensity and naturalness by the thoroughly competent cast that will enact its various roles. Among the most noted of its players are the names of Jack Allen, Grace Euler, Juliette Newell, Lillian S. White, Vera Wilson, Wm. S. Ely and others.

James E. Watson Will Again Represent The Sixth District

**Rush County Republican Ticket Goes Through With Two Possible Exceptions. Elmer Bassett Loses to Hack by About 200
And Guffin-Jackson Fight is in Doubt.**

Owen L. Carr, Rep. Dist. Chairman, after receiving returns from 80 per cent. of precincts in district, claims Watson elected by 1800 majority.

With but two possible exceptions the Republican county ticket was elected yesterday.

James E. Watson was re-elected to Congress by an estimated plurality of 1800. Wayne county is accountable for the loss shown by this figure. A poor Republican county ticket in that county was the probable cause.

The race between Guffin and Jackson is a neck and neck affair. One precinct yet unheard of will decide the victor. At this hour, 5:30, Union Township, Precinct 2 is not in. The Republicans claiming it by 10, the Democrats by 30.

Elmer Bassett's majority in Rush county was over 200, but Hack's majority in Shelby county of over 400, gives the office of Prosecuting Attorney to the Democrats.

George Caldwell, R., for county treasurer, made the best showing on the Rush county Republican ticket.

Follows the official county vote by precincts, comparative as far as possible in the short time allowed the Republican:

Walker Township, Precinct 1—Sec. of State, Cox, D. 123, Sims, R. 56; Congressman 6th Dis., Kuhn, D. 127, Watson, R. 56; Prosecuting Attorney, Hack, D. 124, Bassett 57; representative, Jackson, D. 124, Guffin, 57; the remainder of the ticket follows this proportion: D. 124, R. 56. Same precinct in 1904—D. 129, R. 56

Walker Township, Precinct 2.—Cox 101, Sims 57; Kuhn 103, Watson 53 Hack 102, Bassett 54; Jackson 101, Guffin 54; the proportion of D. 101, R. 54 obtains for the remainder of the ticket. The proportion in 1904 was, D. 103, R. 57.

Rushville, Precinct 1.—Cox 56, Sims 126; Kuhn 61, Watson 121; Hack 58, Bassett 120; Jackson 61, Guffin 119; proportion for rest of ticket is approximately D. 58, R. 122.

Rushville, Precinct 2.—Cox 60, Sims 115; Kuhn 69, Watson 107; Hack 70, Bassett 107; Jackson 75, Guffin 100. The vote of the remainder of the ticket is D. 66, R. 110.

Rushville, Precinct 3.—Cox 65, Sims 115; Kuhn 71, Watson 112; Hack 68, Bassett 111; Jackson 74, Guffin 107. The vote for the rest of the ticket averaged D. 68, R. 112, except in case of the county surveyor—Moore, D. 79, Brown, R. 101.

Rushville, Precinct 4.—Cox 76, Sims 111; Kuhn 79, Watson 107; Hack 73, Bassett 110; Jackson 79, Guffin 108; for the rest of the ticket the proportion of D. 75, R. 109.

Rushville, Precinct 5.—Cox 115, Sims 139; Kuhn 125, Watson 130; Hack 121, Bassett 134; Jackson 125, Guffin 131; the balance of the ticket, D. 121, R. 134.

Rushville, Precinct 6.—Cox 74, Sims 92; Kuhn 83, Watson 80; Hack 84, Bassett 79; Jackson 85, Guffin 79; the balance of the ticket, D. 81, R. 80. The vote in 1904 was D. 104, R. 98.

Rushville, Precinct 7.—Cox 96, Sims 90; Kuhn 97, Watson 89; Hack 103, Bassett 80; Jackson 104, Guffin 81; proportion for rest of ticket is D. 98, R. 85.

Rushville, Precinct 8.—Cox 74, Sims 125; Kuhn 80, Watson 119; Hack 78, Bassett 119; Jackson 81, Guffin 116; for the rest of the ticket the proportion is D. 77, R. 120.

Rushville Precinct 9.—Cox 73, Sims 140; Kuhn 89, Watson 134; Hack 93, Bassett 128; Jackson 103, Guffin 116;

for the rest of the ticket the proportion of D. 85, R. 135 obtains.

Noble Township, Precinct 1.—Cox 22, Sims 74; Kuhn 22, Watson 75; Hack 22, Bassett 76; Jackson 31, Guffin 68; the rest of the ticket, D. 23, R. 73. The vote in 1904 was, D. 32, R. 76.

Noble Township, Precinct 2.—Cox, 49, Sims, 92; Kuhn, 56, Watson, 93; Hack, 55, Bassett, 94; Jackson, 60, Guffin, 89; this proportion—D. 55, R. 90 obtains. Same precinct in 1904—D. 65; R. 95.

BRIEF STATE DISPATCHES

Election Events in Indiana of
Pertinent Local Interest.

One Fraud Suspect.

[Special to the Daily Republican.]
New Albany, Ind., Nov. 6.—Two hundred carbon envelopes were seized today by the Republican officials. It is claimed that they were in possession of the Democrats and that it was proposed to use them in vote buying.

Slow Vote.

[Special to the Daily Republican.]
Anderson, Ind., November 6.—Up to noon today the vote in Madison county was so light as to cause concern and the campaign managers issued special orders to rush in the vote by 4 o'clock this afternoon. Among the earliest voters was ex-Governor Durbin.

Election Judge Dies.

[Special to the Daily Republican.]
Vincennes, Ind., November 6.—William Meyers, Democratic judge at Precinct C, Johnson township, at 10 o'clock today took suddenly ill with heart trouble. He walked fifty yards to the home of Frederick Vollar, and was put to bed, where he died ten minutes later. His place was filled by George Viehe. Voting is continuing, though there is much excitement in the neighborhood.

Confusion at Polls.

[Special to the Daily Republican.]
New Castle, Ind., November 6.—Much confusion resulted in this city today in voting from the fact that three new precincts had been added during the present campaign. For years there have been only six precincts in this city and voters had been accustomed to going to the same place every year to vote. The creation of three additional precincts, however, caused a redistricting of the city, and as a result voters were at a loss to know where to cast their ballots.

Trouble on Board.

[Special to the Daily Republican.]
Columbus, Ind., November 6.—K. D. H. Reap, a Democratic clerk on the election board at Elizabethtown, challenged this morning William E. Springer, a Republican candidate for joint Senator from Bartholomew and Decatur counties, and John M. Davis, Republican candidate for county auditor. He accused them of using corrupt means in the election, and refused to allow them to vote. Both denied the charge, and made affidavit and voted. Soon afterward they accused Reap of intimidating some voters. He made affidavit that he had not intimidated anybody, and handed the affidavit to Inspector G. M. Remy to sign. As the latter started to sign the affidavit Reap grabbed it and tore it up. He was promptly arrested and taken off the election board. Dr. E. H. Redmond was put on in his place.

Another Suspect.

[Special to the Daily Republican.]
Shelbyville, Nov. 6.—John Oldfield, (Rep.), and William Mallor, (Dem.), election sheriffs at the East Broadway polling place in the Postoffice block, arrested at 12 o'clock today and jailed a young man named Adams, a son of Thomas Adams, of Middletown, just after he had cast his vote. The suspicions of the election officials had been aroused by actions of the young man and when the sheriffs spied a pair of leaden knuckles in one of his pockets and a suspicious looking envelope sticking from another they placed him under arrest on the charge of carrying concealed weapons. The envelope contained carbon paper, just what the sheriffs had suspected, but lo and behold, when the carbon was displayed it bore three crosses just where the rooster would be if it was fitted to any of the tickets voted today. Young Adams admitted that he had used the carbon under protest and that he had not yet received any money for so doing.

—Orin Ferguson, of Indianapolis, was home to vote today.

DIVIDE ON JOINT STATEHOOD

[Special to the Daily Republican.]
Albuquerque, N. M., November 6.—Indications are that New Mexico will return a majority for joint statehood of 8000 to 10,000. Reports have been received from all the counties of the Territory and indicate that, with few exceptions, the vote will be favorable to jointure. The reports from Arizona would seem to warrant the prediction that joint statehood will be defeated in that Territory by a large vote.

Hearst Carried Greater New York by Less Than 80,000, but Fell Down "Up-State"

Bitterest Fight in Political Arena Ends in Decisive Defeat of the "Yellow Journal" Candidate.

Bulletin at 4 a. m: Hughes' majority may be less than 20000

[Special to the Daily Republican.]
The latest intelligence from New York City shows that Hughes has carried the State by 40,000, after running behind Hearst in Greater New York between 60,000 and 80,000. In view of the most recent developments in the up-State situation, this majority is regarded by the Republican managers as most satisfactory.

At a late hour Hearst's papers claimed victory for him, but conservative estimates prove the improbability of this.

The New York Herald at one o'clock announced Hearst's plurality in New York City would be under 80,000.

**GAS EXPLOSION
AT SHELBYVILLE**

Five Persons Hurt in Wreckage of Rev. Winter's Home, Including Wife and Son.

[Special to the Daily Republican.]
Shelbyville, Ind., November 7.—As a result of a gas explosion at the home of the Rev. Dr. G. G. Winters, pastor of the German Protestant church at Shelbyville, Tuesday afternoon, three persons are seriously and perhaps fatally injured, while Mrs. Winters is buried beneath the debris of the Winters residence, which was blown to pieces.

Milton Shirk, of Greensburg, who has a contract with the Citizens' Natural Gas Company for placing gas meters, was placing a meter in Dr. Winters' home. Shirk was assisted by Jesse McCain. On going into the cellar after dinner a terrible explosion followed which tore the house to pieces. Shirk and McCain were horribly burned about the faces, necks, arms, and hands, while Dr. Winters, who was in the front room was thrown into the street and badly bruised. Mrs. Winters was in the dining room, when the explosion came and was unable to escape.

Mrs. Winters was found at 2 o'clock buried beneath the rafters and flooring of the dining room, which remained intact. She was pinned down and unable to move until the timber was lifted from around her. She was badly bruised and terribly burned over her entire body, but physicians say that unless she is internally injured she will probably recover. Amiel Winters, a son, twenty-four years old, was found pinned beneath the rafters and flooring of what was the library. He was also badly bruised and burned.

It developed that the working men had cut a gas pipe before going to their lunch and neglected to plug up the end of it. When they went into the cellar to resume their work one of them lighted a candle and the escaping gas ignited.

Dr. Winters is seventy years old. He owned a very costly and well selected library, embracing several thousand volumes, which he has been accumulating for years. The books were blown to pieces or else scattered over the streets and entirely ruined.
